

- Aluminium profile body
- Mains voltage 220-240V / 50-60Hz
- Emergency kit system can be integrated
- Different body color options
- Long life up to 50,000 hours
- 1-10V, DALI dimming and Tunable White, RGBW options are available
- Extra efficient diffuser for homogeneous light emission
- Microprismatic PMMA & Opal diffuser options
- Manufacturing in desired dimensions
